

NORTH CAROLINA

The Poor People's Campaign has outlined [7 Steps Before the Midterms](#) that we can take to continue our work for justice, and **Steps 6 and 7 need your involvement Now.**

Step 6: This Campaign announces its launch of a nationwide effort for the next 143 days to register and educate poor and low-income communities to vote in every election for candidates who commit to a **Third Reconstruction Agenda** to address poverty and low wealth from the bottom up. We must vote in historic numbers for our ancestors, for our children, and for the generations to come whose lives and planet are under threat today.

Step 7: We declare that we are a movement that votes. We call on all poor and low-wealth people to march in mass assembly from here to the polls this November and to use your vote to make your voices heard! We will expand the “we” included in “we the people” and fight with every tool we have to ensure no voice is excluded from this democracy, no vote is denied, and no cry for justice rising up from this moral fusion movement is unrepresented at the ballot box.

The *Southern Piedmont Circle of NC Poor People's Campaign* has partnered with Center for Common Ground to organize NCPPC to write 15,000 postcards that will focus on “Get Out The Vote” efforts among North Carolina people of color, because they are often most impacted by voter suppression activities. **Can you volunteer to help in this critical effort?
